## ABOUT US

### IT'S ALL ABOUT HENRIETTA

This isn't a matter of Republican or Democrat, Conservative, or Liberal. It is all about Henrietta. Although our committee consists of Republicans, our primary job is to provide the townspeople with superior candidates so we have the best representatives leading our town. Henrietta is different than other towns in Monroe County. We are a true melting pot. This is why it is so important to have a strong team than can work together for the betterment of EVERYONE in our town.

#### What is the Function of the Henrietta Republican Committee

- We are the organization that selects Republicans to be candidates for elected offices.
- We hold monthly meetings where elected officials report to committee members.
- We provide a forum for members to ask questions and make suggestions directly to elected officials on a regular basis.

#### What Do We Do as Members of the Committee?

Our committee's general commission is to nominate and support our candidates and our elected leaders. This includes putting up lawn signs, distributing literature, collecting petition signatures, holding & attending fundraisers, and more. Committee members are expected to attend monthly meetings, usually held on the second Monday of each month.
